

KACE EXPANDS PRESENCE IN SINGAPORE AND MALAYSIA THROUGH NEW DISTRIBUTION PARTNERSHIP WITH ACA PACIFIC TECHNOLOGY

SINGAPORE – July 17, 2007 – KACE, the leading provider of systems management appliances, today announced a new partnership with ACA Pacific Technology, dramatically increasing its presence in the APAC region. ACA will offer the award-winning KBOX family of automated IT appliances in Singapore and Malaysia.

Through the new distribution partnership, KACE customers in Singapore and Malaysia will now receive the convenience of immediate local support and pricing, as well as enjoy the power of the AppDeploy.com global community offered through AppDeploy Live, a new feature launched in June that is embedded within the KBOX Management Console, allowing KBOX users across the globe to share knowledge and communicate about common systems management tasks via a public forum.

“KACE is already seeing great traction in APAC with a number of both large and medium-sized organizations that are looking for an affordable and easy-to-use automated IT solution to match their unique needs,” said Greg Lipper, KACE’s Managing Director for the Asia Pacific region. “Working with ACA Pacific Technology, a well known and very respected partner, represents a tremendous opportunity for us to further expand our presence in the region.”

KACE’s KBOX family of appliances saves customers both time and money. Systems managers from large and mid-sized Asian organizations are often forced to wear many hats throughout the day to work on a myriad of IT functions, KACE offers the ease of one box for all of their hats. The KBOX family of appliances delivers easy-to-use, comprehensive systems management that is affordable. The KBOX 1000 Series Systems Management Appliances automate routine and complex IT maintenance tasks for end-point nodes on a network, while the KBOX 2000 Series Systems Deployment Appliances provide centralized provisioning and remote system recovery.

“KACE’s KBOX technology offers features and technical depth that are extremely attractive to our customer base,” said Mark Gill, managing director for ACA Pacific Technology in Singapore and Malaysia. “We look forward to offering our regional Asian reseller partners and customers the potential of both a huge savings of time and money via the automated IT management KBOX solutions.”
