ACA PACIFIC MOVES INTO BUSINESS INTELLIGENCE LANDSCAPE WITH BUSINESS OBJECTS

Singapore, 11 August 2008– ACA Pacific Technology (S) Pte Ltd (“ACA Pacific”), a leading IT distributor within the Asia-Pacific region today announced its expansion in the Business Intelligence market with the appointment of Business Objects in Singapore.

Under the agreement, ACA Pacific will tap on its extensive reseller network to distribute **Crystal Reports 2008, Crystal Report Server 2008 and Xcelsius 2008** in Singapore. Crystal Reports 2008 is a powerful, dynamic, actionable reporting solution that helps organizations design, explore, visualize, and deliver reports via the web or embedded in enterprise applications. It enables end users to consume reports with stunning visualizations, conduct on-report business modeling, and execute decisions instantly from the report itself—reducing dependency on IT and developers. documents. It empowers business users to view, print and share more compelling reports—and make better decisions.

“ACA Pacific is proud to achieve this significant milestone with Business Objects, an internationally recognized Business Intelligence Solutions Provider. This new addition serves as a timely alliance for ACA especially with Business Intelligence remaining as CIOs' top technology priority in Asia Pacific,” said Mr. Mark Gill, Managing Director, ACA Pacific Technology (S) Pte Ltd.

Mark Gill added, “According to Gartner; Revenue for BI software vendors in Asia Pacific is expected to top US\$399 million in 2008 and reach US\$577.6 million in 2011. ACA hopes to partake in this growth momentum by offering our channel partners with unparallel sales and marketing support and professional business reporting solution at unbeatable pricing and unmatched value.”

Partners are a critical part of our eco-system for delivering unparalleled value to our customers, and providing strategic insights and coverage into local market.”Said Eric Sin, Senior Director (Channels & Alliances, Mid Market Sales) for South Asia. “We see such long-term strategic business partnerships as a vital part of our go-to-market strategy, and ACA Pacific’ deep market understanding and expertise will allow us to better meet the growing demand for BI solutions involving software, consulting and supporting service offered in Singapore.”

Apart from the security and networking solutions, ACA Pacific also carries five other product lines in Singapore namely: Design Automation, Media and Entertainment, Data Storage and Backup, Document Imaging and Business Applications.
